GitHub: <https://github.com/ftshn84>

Portfolio: <https://www.artstation.com/fatemeh>

Junior full-stack software developer with hands-on experience building web applications in startup and scale-up environments. At COBOD International, developed a web-based application that increased user engagement by **60%**, working across frontend and backend and collaborating closely with designers and engineers.

Experienced with modern frontend frameworks such as **React and Vue**, and backend technologies including **Node.js, Python, Java, C#, SQL, and .NET Core**. Strong interest in **AI-powered products**, clean code, and learning through real product development in Agile/SCRUM teams.

EXPERIENCE

Full-Stack Software Engineer

CDR Style

02/2024 - present Copenhagen

Enhanced system performance by 30% through hands-on expertise in UX/UI and programming. I focus on building responsive, user-friendly interfaces using **C#, Figma, HTML, CSS, JavaScript and AI integrations**.

Visual designer and Unity Developer

COBOD International A/S

09/2021 - 12/2023 Copenhagen

Increased user engagement by 60% by developing a web based application. Increased visual content quality by 90% by integrating Unity and Unreal Engine into COBOD's visualization pipeline. Produced more than 6 industrial animations for internal and external clients using **C#, AutoCAD, 3ds Max, Revit, BIM 360, Unity, and Unreal Engine**.

Visual designer and Unity Developer

Purple Scout

08/2020 - 08/2021 Copenhagen

As a Unity developer and 3D generalist at a start-up, contributed to designing modules and uploading them to the website for the customer, Veltuff. Proficient in **C#, GIT, SQL, .NET CORE, 3ds Max, AutoCAD, Photoshop, Substance Painter, Unity**.

Visual Designer

Memorix

01/2019 - 07/2020 Copenhagen

I contributed to creating visually captivating, low-polygon environments for an innovative 3D AR/web app that enhances student learning through visual memorization techniques. using software: **C#, GIT, SQL, .NET CORE, 3ds Max, AutoCAD, Photoshop, Substance Painter, Unity**.

Career Break

Relocated to Denmark and maternity leave

02/2015 - 12/2018

3D Generalist

Chakad 3D Studio

01/2007 - 01/2015 Esfahan-Iran

Specialized in leveraging advanced 3D modeling and environment simulation to support architectural validation and spatial planning before physical construction Proficient in **3ds max**, **AutoCAD**, **Photoshop**, **V-Ray Render**

COURSE & EDUCATION

Web development HackYourFuture HYF

09/2025 - 07/2026 Copenhagen

Starting October 2025 - 9-month program (expected completion July 2026)

Comprehensive full-stack web development program focused on **Front-end**: HTML, CSS, JavaScript ES6 , React **Back-end**: Node.js, Express, and basic SQL Version Control & Collaboration: Git, GitHub, Agile/Scrum workflow.

System development KEA - Københavns Erhvervsakademi

05/2025 - 07/2025 Copenhagen

Focused on software development fundamentals, including programming, system design, and emerging technologies like **AI and machine learning**.

Gained experience using Jira and building small-scale applications, Object-oriented programming, UML modeling and design patterns, Agile development with Jira, Introductory AI and machine learning, Computational thinking and problem-solving.

Bachelor's Degree, Graphic Design

2012 - 2014 Iran

University of Applied Science and Technology

Completed a comprehensive program in visual communication and design, with focus on branding, typography, user-centered design, UI/UX fundamentals, interactive design, and collaborative real-world projects.

Associate's degree, Software Technology

2004 - 2007 Iran

University of Applied Science and Technology

Completed foundational training in software development, covering programming fundamentals, system design, object-oriented principles, UML modeling, and design patterns. Improved system efficiency by 30% through optimized code structure.

LANGUAGES

Danish Conversational

English Proficient

Persian Native

Hobbies

Fridesberg Toastmasters Club member (2+ years) – public speaking and communication.

Engaging in technology meetups and networking events.

Gaming for strategy, problem-solving, and teamwork.
